

Manufacturers Representative LINECARD

Caton Connector www.caton.com

High Voltage Interconnect Products. Corona-Free (<1pC) connectors and cable assemblies to 100KV. Multiple conductor, multi-shielded, triple extruded silicone cable in lengths up to 300Ft.

CKE www.cke.com

High Voltage Rectifiers, MOV's and Assemblies. High Voltage (300kV), High Current (1000A) Assemblies. Selenium Surge Suppressors. Silicon-carbide varistors, HV (60kV) ceramic disk capacitors and custom molded assemblies.

Conversion Devices www.cdipower.com

Medical Power Supplies. Standard and custom IEC601 switch mode medical power supplies from 60W to 5KW. Patient connected applications.

Dau Thermal Solutions www.dauusa.com

Advanced Heat Exchanger Technology. Liquid/Air cooled heat sinks. High-power heat sinks. Extrusions, Heat spreaders, Heat-exchangers, Heat-pipes, Cold Plates, Hockey Puck Coolers.

EBG Resistors www.ebgusa.com

High Voltage Resistors to 60kV/600W. Non-inductive. Voltage dividers and networks. Low temperature (± 15 ppm/C) and voltage coefficients, high stability, high temperature operation and very tight tolerance ($\pm 0.1\%$).

Harding Energy www.hardingenergy.com

Custom Battery Packs and chargers. NiMH, Li-ion, Lithium polymer, Ni-CD, alkaline, charging systems, smart boards, SMB, SBS 1.1 compliant, Gas Gauges. Custom battery management, safety circuits and control circuits.

HVPSI www.hvpsi.com

High Voltage Power Solutions, Inc. HV Power Supplies to 150kV/1kW. DC-DC converters (35kV/10W), multipliers, rectifier assemblies (250kV), lightning arrestors, surge suppressors, digital dielectric test equipment.

HV Component Assoc. www.hvca.com

High Voltage Diodes and Assemblies. Diodes (40kV/500mA), Multipliers (100kV) and custom very high voltage assemblies (to 600kV), SMT diodes to 5kV. Bridge Rectifiers, Power Diodes.

HVR www.hvrapc.com

HV Resistors. Cercomp[®] Ceramic Composition Resistors. Non-inductive, high energy capacity for high voltage, high peak power applications. Small and reliable for pulse or surge-prone applications. Ratings to 10 KW.

MicroSpire www.microspire.com

Transformers and Inductors. HF Signal, Impedance Matching Transformers. MIL-STD-1553 Bus, Telecom (XDSL, ISDN, 600 Ohm). Integrated Magnetics. Chip Inductors. Wide Standard Product Line.

Plitron www.plitron.com

Toroidal Power Isolation Units and Transformers. Medical (UL2601), Audio, Low-noise (LONO[®]), low stray fields, low in-rush (I_{min}[®]) and narrow bandwidth (NBT) Technology. CE approved.

RAF Tabtronics www.tabtronics.com

High Efficiency Magnetics Design. Hyper-X[®] Magnetic Technology. Ultra-high power density, high efficiency magnetics to 50kV. Planar SMPS magnetics, custom encapsulation, water cooling.

RFI www.rficorp.com

Filters, Magnetics, Capacitors. HV Magnetics (200kV/2000A), HV Caps (500uF/200kV) for DC, pulse and repetitive discharge. QPL Filters, High Power Filters (5000A), Filtered Terminal Blocks (1750V, 100A). PFN's, Modulators.

DALI Technical Sales
269 Gateway Dr #225
Pacifica, CA 94044
